

## About RFI

Research Foundation of India, is concerned with improving the educational process by encouraging scholarly inquiry related to education and evaluation and by promoting the dissemination and practical application of research results. We conduct in house activities such as Workshops, Training Programs, Conferences etc., and engage in outreach activities such as Publication of journals, books etc., as well. In the initial years of existence, Nearly 1% of members, representing over 85 countries, reside outside the India. Over 28% of RFI members are students approximately 3,500 graduate students. Over 74% of RFI members report that education is their primary discipline.

## Objectives Of The Conference & Workshop

The Indian economy transformation to 5 trillion dollar economy by 2030 is a significant challenge and will require a comprehensive, sustained and long-term strategy from all spheres. This conference aims at

- Bringing academicians, practitioners and policy makers from the fields of Accounting, Marketing, Human Resources, operations, and Economics to discuss, debate and formulate strategies that would enable India becoming a developed nation within certain time bound framework.
- Expanding the knowledge base about the different conceptual frameworks and methods available in the above-mentioned areas towards achieving the goal.
- To facilitate young researchers expand their capacity by providing them with an opportunity for the cross country and cross-discipline learning and knowledge sharing.
